Fence height 3'0" There must be four option fences set up to 3'5". If there is a difference in difficulty between any two tracks containing height options, the higher options should include the more inviting, less difficult track.

The Classic Hunter Round, consisting of seven to eight (7-8) fences with two (2) high options, shall be judged on quality, movement, jumping style, manners and way of going. A minimum of ten obstacles must be offered in the Classic Hunter Round. At least one in and out.

Handy Hunter Course (Second Round) A minimum of eight obstacles must be offered in the Handy Hunter Round. The course should simulate riding over hunt country and must have a minimum of two handy options, such as: tight turns, different tracks, clever options for jump approaches, pen type obstacles, hand gallop a jump, trot a lowered obstacle not to exceed 2'6" in height, halt and/or back. Gimmicky options are not appropriate.

The Handy Hunter Round, consisting of five to eight (5-8) fences with two (2) high options, shall be judged on quality, movement, jumping style, manners and way of going. Pace, brilliance, and a shorter track are to be rewarded. A horse/rider may not jump decorations or other obstacles in order to create a shorter track.

The Option Bonus Score of one (1) additional point for each higher height option fence jumped must be awarded even if there is a refusal, rail down or loss of good jumping style at that higher height option fence, providing that the horse- and rider combination does jump the higher height option fence. Twelve (12) entries are to return for the second round, then only the top twelve (12) horses from the first round, after all ties are broken, are eligible to return for the second round.

Tie Breaking Procedures

- A. No panel may award the same base score to any two competitors in any one round unless a competitor's score is below the cut-off score.
- B. Any ties in all rounds will be broken by the base score (before adding height bonus points) of that round.
- C. Twelve (12) entries are to return for the second round, only the top twelve (12) horses from the first round, after all ties are broken, are eligible to return for the second round.
- D. In the event of a tie for first place after the second round, the tied competitors will compete in a jump-off round. In the case of unsafe conditions preventing a jump-off from being held, the tie will be broken using the second round base score (before adding height bonus points).
- E. Ties for other than first place in the overall standings will be broken using the second round base score (before adding height bonus points).
- F. Prior to the start of the class, if two (2) judging panels are used, one (1) panel must be designated as the tie breaking panel for the first round and another panel must be designated as the tie breaking panel for the second round. The tie breaking panel for the first round will also be designated as the tie breaking panel for the jump-off round.

Schooling

During the two (2) rounds of the Traverse City Derby, all horses entered must be ridden in official horse show schooling areas unless Management designates a specific schooling area for Derby horses. Riders must wear their horse's Derby competition number while mounted. This includes horses entered simultaneously in another class, if any. Entered horses ridden or schooled elsewhere on the competition grounds or NOT wearing their Derby competition number will be eliminated from competing in the Derby and the entry fee will be forfeited.
