III. THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

The **Long version** of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English. The Code is also available on the FEI's website: <http://inside.fei.org/>.

This Competition is open only to those Athletes and Horses which have taken part in the first Competition. The team classification only affects the members of the teams declared to start.

This Competition is run over two rounds, identical or different, with the same degree of difficulty in the second round, according to Table A, not against the clock, with a possible jump-off against the clock, in case of equality of first, second and/or third place.

Starting Order

The starting order in the first round of the second Competition will be according to a draw, conducted according to JRs Art. 252.

In the second round, the starting order will be according to the reverse order of total Penalties incurred by the best three Athletes of each team in the first qualifying Competition and by the best three Athletes per team in the first round of the Team Competition.

The second round is only open to the ten (10) best teams following the first qualifying Competition and the first round of the Team Competition and those teams tied for tenth (10th) place.

Individuals to start before teams in the second round.

Before the teams qualified for the second round begin, all individuals and team members not qualified for the second round may take part in a second round qualifier for the third Competition. The starting order of Athletes in this second round qualifier for the third Competition is according to the reverse order of total Penalties incurred in the first Competition and in the first round of the Team Competition.

The starting order in a possible jump-off will revert to the starting order of the second round. If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the second and first places.

Classification

The team classification is decided by adding the Penalties incurred by the best three Athletes per team in the first Competition and by the best three Athletes per team in each of the two rounds of the Team Competition.

For those teams not qualified for the second round the results of the best three Athletes per team in the first Competition and the best three Athletes per team in the first round of the Team Competition count.

Team Athletes not completing the first or second round receive 20 Penalties more than the worst-placed team Athlete, who has finished that particular round. If the Athlete concerned had obtained more Penalties before being eliminated or retiring than the worst placed team Athlete having completed the Competition, 20 Penalties will be added to the number of Penalties they had obtained at the time of being eliminated or retiring

The classification in the jump-off is obtained by adding the Penalties and the times incurred by the best three Athletes in each team. In case of further equality (Penalties and time), the teams will be placed equal.

In case of equality of Penalties for any other placing, the teams will be placed equal.

In addition to the team classification there will be an individual classification with prizes for this Competition.

Substitution

The substitution of a team member by the fifth pair (Athlete/Horse) may only be allowed in case of an accident or illness either to one of the four team Athletes or to one of the four Horses, provided the Chef d'Equipe obtains the approval of the Ground Jury. Such substitution may be made up to one hour before the start of the first round of the Team Competition.

This Competition to be open only to Athletes and Horses which have taken part in the first Competition, the team classification only affecting the members of the teams who have declared to start.

This Competition is run over two rounds, identical or different, with the same degree of difficulty in the second round according to Table A not against the clock with a jump-off against the clock in case of equality for first, second and/or third place in the overall classification for the Team Championship

Classification

The team classification is decided by adding the Penalties incurred by the best three Athletes per team in the first Competition and the Penalties incurred by the best three Athletes per team in each of the two rounds of the Team Competition. For those teams not qualified for the second round the results of the best three Athletes per team in the first Competition and in the first round of the Team Competition count.

Team Athletes not completing the first or second round of the Team Competition receive 20 Penalties more than the worst placed team Athlete who has finished that particular round. If the Athlete concerned had obtained more Penalties before being eliminated or retiring than the worst placed team Athlete having completed the Competition, 20 Penalties will be added to the number of Penalties they had obtained at the time of being eliminated or retiring.

The classification in the jump-off is obtained by adding the Penalties and the times incurred by the best three Athletes in each team. In case of further equality of Penalties and time, the teams will be placed equal.

The other teams will be placed according to their added Penalties in the two rounds. Those with equal Penalties are placed equal.

In addition to the team classification there will be an individual classification with prizes for the team Competition. Athletes with equality of Penalties are placed equal.

Jump Off

In the case of equality of Penalties between the teams for first, second and/or third place, a jump-off against the clock is compulsory in which **all team Athletes participate** (see Article 17.4 of this Annex). If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the second and the first place.

Starting Order

The starting order in the first round of the second Competition will be according to a draw.

In the second round, the order of starting will be according to the reverse order of total Penalties incurred by the best three Athletes of each team in the first Competition and the best three Athletes per team in the first round of the Team Competition.

The second round of the Team Competition is open only to the six (6) best placed teams and those teams placed equal for the sixth (6th) place following the first round of the Team Competition.

In the second round individual Athletes will start before the teams. Before the six best placed teams and those tied on Penalties for sixth place begin their second round, all individuals and team members not qualified for the second round may take part in a second round qualifier for the third Competition.

The starting order of Athletes in this second round qualifier for the third Competition is according to the reverse order of total Penalties incurred in the first Competition and in the first round of the Team Competition.

The starting order in the possible jump-off will revert to the starting order in the second round. If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the second and first places.

Substitution

The fifth pair (Athlete/Horse) may only be eligible to start as a member of the team in case of an accident or illness either to one of the four team Athletes or to one of the four Horses, provided the Chef d'Equipe obtains the approval of the Ground Jury. Such substitution may be made up to one hour before the start of the first round of the Team Competition.

Qualified to participate in the first round of the Individual Final are the 15 best placed Athletes (including those tied for the last qualifying place) according to the cumulative Penalties of the first and second qualifying Competitions.

Athletes must have taken part in the first Competition (completed or not) and have completed the second Competition (without having been eliminated or without retiring).

This Competition consists of two rounds A and B, each judged under Table A, not against the clock, with a speed of 350 m per minute.

Starting Order

The starting order for round A will follow the reverse order of Penalties incurred in the first and second qualifying Competitions of the Championship. In the event of equality of Penalties for any placing, the result of the first qualifying Competition will be the deciding factor for the starting order of the Athletes. The lowest placed Athlete qualified will therefore start as number one.

The starting order for round B will follow the reverse order of the Penalties incurred in the first and second qualifying Competitions as well as round A. The Athlete with the greatest number of Penalties will start first, the Athlete with the least Penalties will start last. In the event of Athletes with equal Penalties, the result of the first qualifying Competition will be the deciding factor for the starting order.

If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the second and first place. In case of further equality of Penalties and time, the Athletes will be placed equal.

Classification

Athletes who complete round A go forward to round B. The Penalties in both rounds are added.

The overall individual classification is determined for each Athlete by adding the Penalties incurred in the first Competition, both rounds of the second Competition (disregarding the Penalties incurred in the jump-off, if any) and rounds A and B of the third Competition (Individual Final).

In addition to the overall individual classification (see Art. 25.1), there will be a separate classification, with prizes, for Athletes taking part in the third Competition (Individual Final); for this classification, only the results from Rounds A and B count. Athletes with equality of Penalties are placed equal.

Jump Off

In case of equality of Penalties for the first, second and/or third place a jump-off, against the clock is compulsory (see Article 23.4 of this Annex). If two jump-offs are required, the jump-off for the third place shall precede the jump-off for the second and first place. In case of further equality of Penalties and time, the Athletes will be placed equal.

NB: Horses entered in CIMs and in CSIP in their country of residence are not required to have an FEI Passport or FEI Recognition Card but must be properly registered with the FEI and identifiable (FEI General Regulations, Art. 137.2).

Athletes who do not present a Horse's Passport and/or Recognition Card, or one that is not correctly validated or fail to meet other passport requirements will be **subject to Sanctions in accordance with Annex VI of the FEI Veterinary Regulations** and may not be allowed to compete.

NB for Horses permanently resident in a Member State of the European Union: all Horses must have a national EU passport in compliance with EU Regulations to which a FEI Recognition card is applied. The exception to this being Horses in possession of an FEI passport which has been continually revalidated without interruption.

7.2 VACCINATIONS - EQUINE INFLUENZA (FEI VETERINARY REGULATIONS ART. 1003)

Horses competing at FEI Events must comply with the requirements for Equine Influenza vaccination in accordance with the Veterinary Regulations.

All FEI registered Horses intending to compete at FEI Events (including CIMs) must be vaccinated against Equine Influenza in accordance with these Veterinary Regulations. The exception being if the applicable domestic legislation prevents the use of Equine Influenza vaccines within the relevant territory.

7.3 EXAMINATION ON ARRIVAL (FEI VETERINARY REGULATIONS ART. 1029)

On arrival at an Event venue, all Horses must undergo an examination by an FEI veterinarian to confirm their identification from their passport and micro-chip (where present), their vaccination status and met the FEI's health requirements to access the FEI Stables Area. To protect all horses attending events, any Horse with a questionable health status concerning vaccination, infectious disease or other concerns, must be stabled within the isolation facilities provided by the Organising Committee pending a decision on entering the venue. PRs must fulfil the Horse Health Requirements via the FEI HorseApp in advance of the event which will be checked at the Examination on Arrival.

7.4 HORSE INSPECTIONS (FEI VETERINARY REGULATIONS ARTICLES 1032-1040)

All Horses will be assessed for their fitness to compete during the Horse Inspection. Any Horse demonstrating questionable fitness may be referred to the Holding Box for further veterinary examination. Horses not deemed fit to compete by the Inspection Panel will not be permitted to compete.

Horses may be subject to examination under the protocol for abnormal limb sensitivity throughout the period of an Event, including, but not limited to, between rounds and before the Jump Off. Horses may be examined once or on multiple occasions during the Period of an Event. Horses may be selected for examination under the protocol randomly or they may be targeted. All Horses selected to be tested must submit promptly to the examination or are subject to immediate disqualification. There is no obligation to examine any specific number of Horses at an Event.

8. EQUINE ANTI-DOPING AND CONTROLLED MEDICATION PROGRAMME (EADCMP)

8.1 SAMPLING (FEI VETERINARY REGULATIONS CHAPTER VII)

All horses competing at FEI Events may be subject to sampling for the presence of Prohibited Substances in accordance with the Anti-Doping and Controlled Medication Regulations (EADCMRs). Horses may be selected for sampling in accordance with obligatory testing, targeted or random sampling procedures. Refer to FEI Financial Charges for details of fees relating to Equine and Human Anti-Doping program (EADCMP), which OCs/NFs have the right to charge to the athlete (applicable for all FEI events worldwide).

8.2 ELECTIVE TESTING (FEI VETERINARY REGULATIONS ARTICLES 1056)

XIII. HUMAN ANTI-DOPING

Athletes can be tested at any FEI Event, by the FEI or by other Anti-Doping Organisations with Testing jurisdiction. Organisers will have the responsibility to provide facilities and staff/volunteers to facilitate such Testing if requested by the FEI as outlined in article 22.3 of the FEIs' Anti-doping Rules for Human Athletes (ADRHA).

The ADRHA rules are published on the FEI's website at <http://inside.fei.org/content/anti-doping-rules>.

XIV. ADDITIONAL INFORMATION

1. INSURANCES AND NATIONAL REQUIREMENTS

Equestrian sports involve inherent dangerous risks. To the greatest extent permitted by law, the FEI and the FEI Event Organiser shall NOT be liable for any damages relating to loss of property or injury of any kind to Athletes, Owners, Support Personnel or Horses at or in connection with an FEI Event and the FEI expressly excludes all such liability.

1.1 ATHLETES, OWNERS AND SUPPORT PERSONNEL

1.1.1 Personal accident and health insurance

It is your responsibility as an Athlete/Owner/ Support Personnel to ensure that you have adequate personal accident insurance in place to cover your participation at FEI Events and in particular to insure against any personal injury or medical expenses arising from an accident, injury or illness which may occur at a FEI Event.

You should check with your National Federation to confirm if your National Federation's insurance policy (if any) covers personal accidents and/or illnesses which may occur when you are attending/participating in FEI Events.

If your National Federation does not have a personal accident/health insurance policy or if the National Federation's insurance policy does not cover personal accident or health claims, then you should obtain your own personal accident and health insurance policy to cover your attendance/participation at FEI Events.

1.1.2 Personal property insurance

You should also ensure that you are insured against property loss, theft or damage, which may occur at an FEI Event.

Again, the advice is to check with your National Federation to confirm if they have an insurance policy in place, which would cover you in case of such property loss, theft or damage. If not, then you should obtain your own personal property insurance to cover such situations.

1.1.3 Press equipment

Press equipment and other items left in the Press workroom, Press lockers, the Press Tribune or anywhere on the showgrounds are left entirely at the owner's risk. The Organising Committee does not accept any responsibility for any loss or damage to such equipment or items. Members of the Press are advised not to leave any equipment or personal items unattended.

1.2 ATHLETES AND OWNERS

1.2.1 Third party liability insurance

As an Athlete/Owner you are personally responsible for damages to third parties caused by you, your employees, Support Personnel, your agents or your Horses. You are, therefore, strongly advised to take out third-party liability insurance providing full coverage in relation to FEI Events at home and abroad, and to keep the policy up to date.

The FEI and the Organiser will NOT be responsible for any damage caused to third parties by you, your employees, Support Personnel, your agents or your Horses.

1.2.3 Horse insurance

As an Owner you should ensure that your Horses are adequately insured against any injuries or illnesses they may sustain while participating at a FEI Event.

2. PROTESTS / APPEALS

To be valid, all Protests and Appeals must be made in writing and accompanied by a deposit of CHF 150.- or equivalent, as mentioned in the FEI General Regulations (Art. 161-162) available at the following link:

<https://inside.fei.org/content/general-regs-statutes>

3. SCHOOLING DURING COMPETITIONS

Athletes wishing to school during speed competitions (Table A and Table C) must inform the OC before these competitions begin. These athletes will start first in these competitions.

4. STEWARDING

- If an athlete is uncertain as to whether the boots they intends to use during an event are allowed, they or their representative should show the boots to the Chief Steward for their opinion before the boots are used in training or in competition.
- In addition, athletes are to be made aware that hind boots must be removed and placed again on the horse's legs in the presence of a Steward while in the warm-up arena prior to entering the competition arena for certain competitions. (If bandages are used in place of boots, athletes are not required to remove the bandages in the warm-up arena.) This procedure is compulsory for competitions for which boot and bandage control is mandatory, that is the Nations Cup, Grand Prix, and the competition with the highest prize money, and is at the discretion of the Chief Steward for other competitions.
- As an alternative to carrying out this procedure at the time designated by the Steward an athlete may ask their groom to take the boots to the in-gate and place them on the horse's legs in front of the Steward prior to the combination entering the arena.
- The Steward has the authority to intervene if a boot is deemed excessively tight by instructing that the boot be removed and put on again correctly. [Stewards are to note that it is normal for a horse's gait to be somewhat affected immediately after boots have been removed and re-placed.] If an athlete or his/her groom refuses to remove and re- place the boot(s) when instructed to do so by the Steward, a Yellow Warning Card will be issued to the athlete in question.
- If it is deemed impossible or unsafe to remove the hind boots in the warm-up arena prior to the combination entering the competition arena, due to an extremely excited or nervous horse, the boots of the horse in question are to be removed by the athlete/groom following the athlete's round upon leaving the arena and inspected by the Steward. This inspection may be carried out during the boot and bandage control if the boot and bandage control is carried out for the competition in question.
- This procedure does not replace boot and bandage control after completion of an athlete's round for competitions for which boot and bandage control is mandatory (refer to JRs Art. 244.1).

5. DISPUTES

In the event of any discussion concerning the interpretation of the schedule (in translated languages), the English version will be decisive.

6. MODIFICATION TO SCHEDULE

In exceptional circumstances, together with the approval of Chefs d'Equipe, host NF delegate, if any, and the Ground Jury, the Organiser may change the schedule in order to clarify any matter arising from an omission or due to unforeseen circumstances. Any such changes must be notified to all athletes and officials as soon as possible and they must be reported to the FEI Secretary General by the Technical Delegate, the President of the Ground Jury or the Foreign Judge, as applicable.

In case of a tie for the 12th place in a competition with 12 to 48 starters, the prize money foreseen for the 12th place will be divided equally among the athletes concerned.

For Competitions run in two rounds with more than 12 starters in 2nd round:

OCs that indicate in the schedule that a specific number (that is more than 12) of athletes will return for the second round will be permitted to distribute the prize money for that competition among all the athletes taking part in the second round, even if the second round is followed by a jump-off in case of a tie on penalties for first place after the second round.

DEDUCTIONS FROM PRIZE MONEY AT COMPETITIONS

Full details of any deductions from prize money must be outlined in the schedule. This includes government taxes. If it is necessary for Organisers to deduct such taxes, they must provide participants with an official form indicating the amount of tax deducted.

The tax form must be provided to the athletes upon arrival and returned to the Organiser prior to departing.

IMPORTANT

The total amount of prize money shown for each Competition in the schedule must be distributed. (FEI General Regulations articles 127 and 128)

For details of the prize money breakdown for each competition please refer to the tables at the end of this document; the Organiser must specify which of the two (2) tables will be used. The total prize money for the Competition must be distributed among the first twelve (12) placed athletes.

The Organiser must provide additional created prizes for athletes placed beyond twelfth (12th) place. The minimum amount for each of these additional prizes, for athletes placed from thirteenth (13th) to last place, must be clearly specified in the approved schedule and not exceed the prize money of the athlete placed twelfth (12th)

9. MAXIMUM NUMBER OF STARTERS PER COMPETITION

***Annex VI FEI Jumping Rules:**

Maximum 100 starters per Competition other than the GP. If more than 100 starters are declared, the OC must split the competition into the number of groups required to ensure that there are no more than 100 starters in any group, and provide the same amount of prize money as indicated

The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.

OCs may apply either of the following methods for splitting the Competition:

- The competition is split into the number of groups required before it starts. There may be athletes with multiple horses in each group but all horses of any one athlete must be in the same group. If it is not possible to have groups of equal size there may be a different number of starters in each group;
- The competition is run as one single competition and split afterward into the number of groups required to ensure that there are no more than 100 starters in any group, and the classification established as follows: the athlete with the best score is the winner of the first group, the athlete with the second best score is the winner of the second group and so on until prizes have been allocated to 25% of the total number of starters. NB: In this case separate results must be sent to the FEI for each of the groups, e.g. results for Competition 1a and for Competition 1b (and for Competition 1c if the original Competition was split into three groups, etc).

In both cases above each group must offer the same amount of prize money as indicated for the original Competition. For the avoidance of doubt, it is the number of declared starters in the Competition, not the final number of starters that determines whether the Competition must be split.

As all FEI World Cup™ Competitions have the status of a Grand Prix, the minimum prize money requirements for the Grand Prix are applicable to the World Cup™ Competition.

For CSI-W Events with a Grand Prix Competition in addition to the FEI World Cup™ Competition, the minimum prize money requirements indicated for the Grand Prix apply only to the FEI World Cup™ Competition; the Grand Prix Competition at such Events cannot offer more prize money than the prize money offered for the FEI World Cup™ Competition.
